

How to use the Navigator search

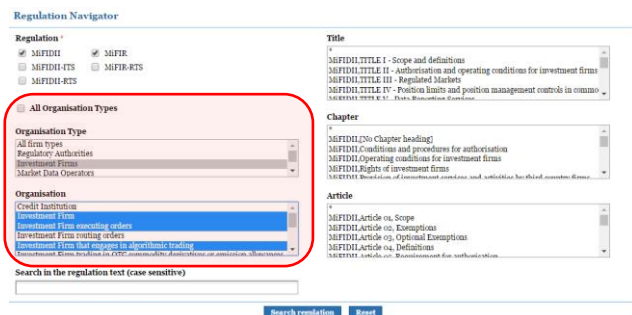

First select the regulation or level II RTS / ITS you are interested in

Then identify the regulations applicable to your firm

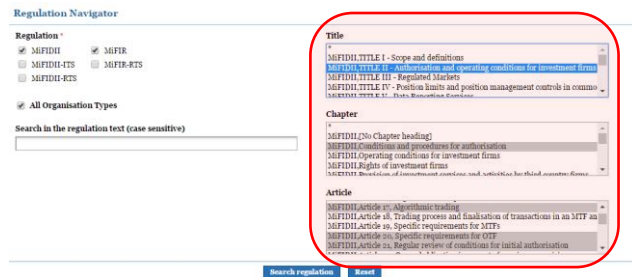

Search by firm type, **deselect “All Organisation types”** then select the firm type/s you are interested in viewing (hold down Ctrl + for multi select)

Note This option is not available if RTS/ITS regulations selected

Alternatively search by Title, Chapter or Article

Once you have selected regulation or RTS/ITS you can select multiple **Titles, Chapters or Articles** (hold down Ctrl + for multi select)

Text search

Search using the free text search option (case sensitive)

Power search

It is also possible to build a search using all four search options combined
